Care Coordination connects individuals and families to services that promote safety, comfort, and well-being, supporting independence and helping them live in the least restrictive environment possible.

We help eligible Alaskans:

- Access Home and Community-Based Waiver Services (HCBW)
- Coordinate care including services available through the Medicaid Waivers and Community First Choice Personal Care Program (CFC-PCS)
- Monitor support services and request adjustments to ensure support services continue to meet your needs.
- Advocate for your needs and support your goals

Please note: To receive Care Coordination services, individuals must be eligible for Alaska's Medicaid Waiver program. If you are unsure or do not qualify for Care Coordination, Care Navigation may be the right fit. Contact us at 907-561-3313 for more information about Care Navigation
