Getting a memory screen done is important. The sooner a memory screening is done, the better one's chances are of getting a possible problem diagnosed and possibly corrected.

For some who may go on to develop dementia, early diagnosis can help provide skills and knowledge to allow them and their loved ones to deal with this journey in a positive way.

**For more information or to schedule a screening, contact:
Holly, at Hospice of Homer ☎ [907-235-6899](tel:907-235-6899)**

Free to attend! Registration required. Share with friends and family.
